## S. 785

To require the Trustees of the medicare trust funds to report recommendations on resolving projected financial imbalance in medicare trust funds.

## IN THE SENATE OF THE UNITED STATES

May 9 (legislative day, May 1), 1995

Mr. Packwood introduced the following bill; which was read twice and referred to the Committee on Finance

## A BILL

To require the Trustees of the medicare trust funds to report recommendations on resolving projected financial imbalance in medicare trust funds.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. TRUSTEES' CONCLUSIONS REGARDING FINAN-
- 4 CIAL STATUS OF MEDICARE TRUST FUNDS.
- 5 (a) HI TRUST FUND.—The 1995 annual report of
- 6 the Board of Trustees of the Federal Hospital Insurance
- 7 Trust Fund, submitted on April 3, 1995, contains the fol-
- 8 lowing conclusions respecting the financial status of such
- 9 Trust Fund:

- 1 (1) Under the Trustees' intermediate assump-2 tions, the present financing schedule for the hospital 3 insurance program is sufficient to ensure the pay-4 ment of benefits only over the next 7 years.
  - (2) Under present law, hospital insurance program costs are expected to far exceed revenues over the 75-year long-range period under any reasonable set of assumptions.
  - (3) As a result, the hospital insurance program is severely out of financial balance and the Trustees believe that the Congress must take timely action to establish long-term financial stability for the program.
- 14 (b) SMI TRUST FUND.—The 1995 annual report of 15 the Board of Trustees of the Federal Supplementary Med-16 ical Insurance Trust Fund, submitted on April 3, 1995, 17 contains the following conclusions respecting the financial 18 status of such Trust Fund:
  - (1) Although the supplementary medical insurance program is currently actuarially sound, the Trustees note with great concern the past and projected rapid growth in the cost of the program.
  - (2) In spite of the evidence of somewhat slower growth rates in the recent past, overall, the past growth rates have been rapid, and the future growth

1	rates are projected to increase above those of the re-
2	cent past.
3	(3) Growth rates have been so rapid that out-
4	lays of the program have increased 53 percent in ag-
5	gregate and 40 percent per enrollee in the last 5
6	years.
7	(4) For the same time period, the program
8	grew 19 percent faster than the economy despite re-
9	cent efforts to control the costs of the program.
10	SEC. 2. RECOMMENDATIONS ON RESOLVING PROJECTED
11	FINANCIAL IMBALANCE IN MEDICARE TRUST
